Every three seconds someone in the world develops dementia, with nearly 50 million people currently living with the disease worldwide. Perhaps more alarmingly, that number is expected to reach 132 million by 2050.

On June 21, 2019—the summer solstice — people across the world will participate in a fundraising activity on **The Longest Day**. On this day, thousands of participants from across the world come together to fight the darkness of Alzheimer's through an activity of their choice. Together, they use their creativity and passion to raise funds and awareness for the care, support and research efforts of the Alzheimer's Association.

"The Longest Day" signifies the challenging journey for those with Alzheimer's and their caregivers, family members and friends. There are many ways to get involved if you want to support the Alzheimer's education and awareness cause during **Alzheimer's and Brain Awareness Month**. One way is to contact your local Alzheimer's Association to request more information at www.alz.org.

We are locally owned and managed

We have dedicated staff, and a trusted member of your community. Only 6 minutes from downtown Wilmington and 20 minutes from Southport.

Let us bring you home!
